HOME HEALTH FINANCIAL MANAGEMENT

FOR HOME HEALTH OWNERS, FINANCIAL OFFICERS

Speaker: Terry Cichon, CPA - Friday, August 27, 2010, 9-5PM, Holiday Inn O'Hare

Course Description: This full day of training is designed for the home health executive who needs up to date information on a broad range of topics that affect the success of a Medicare Certified home health agency. Designed to be understandable for both financial and non-financial managers, a wide range of clinical, operational and financial issues will be examined to enable attendees to successfully manage their agencies. Learn how the NEW OASIS, medical supply utilization and fringe benefits affect the bottom line. A thorough analysis of the home health revenue cycle will allow attendees to improve billing accuracy, cash flow and remain in compliance with Medicare regulations. Learn the basic elements of home health budgeting that allow managers to measure and improve their operational and financial outcomes.

FEE \$199 per attendee until May 28, \$249 afterwards, Breakfast & Lunch will be provided

Limited Seats – TO REGISTER- Toll Free 877 436 2230 x 190/
